WORMOLOGY
should be studied by every parent. If your child is nervous, fretful, starts in it's sleep, is puffy faced, has rings under it's eyes, always seems hungry, is not gaining weight, you can be sure the trouble is worms. White's Cream Vermifuge is an absolute cure for worms. Is it's own purgative.

CHAMBERLAIN'S COUGH REMEDY

GIVES UNIVERSAL SATISFACTION.

Best Remedy in the Market For Colds, Croup and Whooping Cough—It Always Cures And Is Pleasant and Safe to Take.

"I never had a medicine in my store that gave such universal satisfaction as Chamberlain's Cough Remedy," says Mr. P. M. Shore, of Rochester, Ind. "It is the best remedy to-day on the market for coughs, colds and whooping cough. One of my lady customers told me recently that she could not keep house without it, that since they have been using it they have had no need of a doctor." In case of a severe attack of croup, a physician will usually call twice, and perhaps half a dozen times in a severe and long protracted case of whooping cough, while in pneumonia it is often necessary that he call once or twice a day for a week or two. All of this trouble and expense may be saved by the judicious use of Chamberlain's Cough Remedy, for it is a certain cure for croup, and when given as soon as the child becomes hoarse, or even after the croupy cough appears it will prevent the attack. Pneumonia can also be prevented. This fact has been fully proven, as during the last forty years in which this remedy has been in general use, no case of a cold or attack of the grip has ever resulted in pneumonia when this remedy was used, so far as we have been able to learn. It will be seen that a little forethought and by doing the right thing at the right time, all danger and expense may be avoided. Bear in mind that every bottle of this remedy is warranted and if not as stated it will not cost you a cent.

LAST DEFUNIAK EXCURSION

Tomorrow Will Be Closing Day For Great Chautauqua Season.

Special to The Journal.
DeFuniak, March 25.—On Saturday, March 27, the last excursion for the present year will be run to DeFuniak Springs, Florida, and the management of the Florida Chautauqua is presenting one of the finest programs of humor and music and moving pictures in colors that they have offered this season to the people of Western Florida.

"Sunshine Hawks," the gifted humorist, will deliver one of his popular lectures. Sarah Yancey Kline, soprano, Nellie Ambler Crossen, humorous and dramatic reader, Master Charles Banfill, the boy violinist, who has won so many tributes in London, Miss Marion Banfill, the child pianist, and Carrico's Orchestra, of Chicago, will all furnish delightful programs. One of the features of this Saturday is the splendid moving pictures in colors, which will close the evening's entertainment. These are probably the finest pictures ever seen in West Florida. These alone are well worth a trip to DeFuniak Springs.

The Louisville & Nashville Railroad company are making the special excursion rates of 85 cents round trip from Pensacola, which includes all day admission to the Chautauqua, and this will probably be the largest excursion that has been brought to DeFuniak Springs this season. The trains will leave the various stations at the usual time.

This is the last opportunity for 1909 to visit the Chautauqua in West Florida, and from the present indications a large crowd is expected to leave from Pensacola and other points.

By Associated Press.
New York, March 25.—Prices of stocks advanced quite uniformly throughout the list in the opening transactions to-day. The dealings, however, were on a moderate scale, with little copper nose. Consolidated Gas, 3-4, and Reading, 5-8, Wash, preferred, sold at a decline of 3-4. In reading the Harriman stocks caused the list to fall below yesterday's final prices. Offerings were small and when several specialties began to show strength the market again became steady. Prices backed and filled with a narrow range without any very consistent tone. A scattered demand for some of the low priced railroad stocks stiffened the list. Bonds were steady. The Erie stocks and bonds sold higher, the buying being stimulated by a report that the public service commission would make some modifications in the terms of the proposed bond issue. The gain in Erie reached 1-2. The rest of the list was unaltered and semi-stagnant. Metropolitan Street Railway sold at a decline of 7 points.

COTTON.
New York, March 25.—The cotton market opened steady at an advance of 2-32 points on better cables than expected, but offerings were rather heavy at the advance, particularly of the near months, and the market soon eased off to about the closing figures of yesterday. Trading became less active on the reaction and the market during the middle of the morning was narrow with prices a point or so up from the lowest. The market was quiet late in the forenoon, prices ruling about 1 to 2 points net higher at midday. Spot, quiet; middling uplands, 9.70; middling gulf, 9.95.

GRAIN AND PROVISIONS.
Chicago, March 25.—Trade in the wheat pit was generally bearishly inclined today, and the market was rather weak early in the day. The advance of the last three days drove a large number of shorts to cover, and the market reaction was to react on any show of selling. The Liverpool market was not so firm as expected, following the sharp advance here yesterday, and the high wheat influence. Prices at the start were 1-3/4 to 1-3/8, 1-2c lower, may be at 1-1/4 to 1-3/8, and July at 1-1/4 to 1-3/8. For a time may held within the opening range, but July eased off to 1-1/4 to 1-3/8. The weather bureau prediction of fair weather throughout the corn belt prompted moderate selling of corn, which caused considerable weakness early in the day. May opened a shade lower to 1-3/8 higher at 1-1/4 to 1-3/8, and sold off to 65 1-2 to 65-8.

Oats were subjected to heavy selling pressure at the start, resulting in sharp declines. Much of the selling was based on favorable conditions for feeding in the southwest. May opened unchanged to a decline of 5-14.

Provisions were quiet and steady. A 2c advance in live hogs offset for a time the weakness of the coarse grain. The close on wheat was weak, with May at 1.17-1/8; July was down 5-8 to 1.16-1/8.

Cash: Wheat No. 2, red, 1.21-1/4 to 1.25-1/2; No. 2, hard, 1.17-1/4 to 1.19-1/2; No. 2, Northern, 1.16-1/4 to 1.17-1/2; No. 3, spring, 1.12-1/2 to 1.13-1/2. Corn, No. 3, 65-1/4 to 66-1/2; No. 4, 64-1/2 to 65-1/2; standard, 53-1/2 to 54-1/2; No. 2, white, 51-3/4 to 52-1/4; standard, 51-1/2 to 52-1/4; No. 3, yellow, 51-1/2 to 52-1/4. Corn-March, 64-1/2 to 65; May, 66-1/4 to 67; July, 67-1/4 to 68-1/4. Oats-March, 1.17-1/2 to 1.21-1/4; May, 1.10-1/2 to 1.12-1/2; July, 1.07-1/2 to 1.10-1/2. Ribs-March, 9.35 to 9.37-1/2; July, 9.50.
